World Taekwondo Federation

Re: Letter of support

Dear Mr. President,

We, the WTF Council, want to express our appreciation and full support for you at this time of difficulty.

First, we want to clearly state that we have been impressed by the improvements that you have made to the WTF and the Taekwondo Movement. We know that these improvements have strengthened the WTF's position as part of the Olympic Family. We hope that you will continue your good work with the full commitment and resolve that you have continuously demonstrated.

Second, we urge you to take a strong stance against the aggressions by LaJust. In our opinions, the harmful acts by LaJust, including the communications sent directly to the IOC, seem designed to inflict severe damage on the WTF and, by extension, to the global Taekwondo Movement as a whole.

The timing of these attacks by LaJust, in this crucial period leading up to the 2012 Olympic Games in London, is intolerable, as are any such attempts to stop the progress of Taekwondo. It is also very unfortunate and regretful that the Korean courts have made such hasty decisions to block the operations of an International Sports Federation recognized by the IOC.

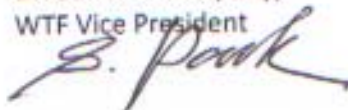

Third, we would like to remind you of the global outpouring of support our Member National Associations around the world gave to the WTF in Baku following LaJust's first attack. Be assured that this support not only continues, but is strengthening in the face of LaJust's recent actions. Our 200 Member National Associations will not allow this continuing damage to the Taekwondo Movement.

Respectfully,

Gen. Ahmed Fouly (Egypt)
WTF Vice President
President of African Taekwondo Union

Dr. Sun Jae Park (Italy)
WTF Vice President

Dr. Dai Soon Lee (Korea)
WTF Vice President
President of Asian Taekwondo Union
