From 13th to 19th July (for athletes)

OD-7 SUMMER CAMP

After six years, during which more than a thousand athletes and coaches have participated in our camp, we bring you this year's edition with the aim of presenting an improved and even more attractive programme, in which training sessions, competition and fun form the three basic foundation stones of OD-7.

Within a climate of collaboration between all of the members of the human team, we will try to give the best of each of us so that the young participants may make the most of this new experience.

This edition continues dreaming about Brazil 2016, hoping that many of the participants in our camp will represent their countries in one way or another or at least make some contribution.
