The COVID-19 pandemic may be the greatest challenge that humanity has faced in modern times, but the global Sport community has a responsibility to overcome such adversity and continue to inspire the world. World Taekwondo is proud to organise the 1st World Taekwondo Gender Equity and Women Leadership Forum in partnership with the Saudi Arabian Olympic Committee. We welcome you to join us, as we discuss about how Sport, and Taekwondo in particular, can be used to positively contribute to gender equity and women leadership in society.

During the COVID-19 Pandemic, our role as members of the sports movement has become even more important to help the world reconnect, recover and thrive. Sports has a lot to offer to the international community in such unprecedented times, and we are honored to join World Taekwondo in organizing the 1st World Taekwondo Gender Equity and Women Leadership Forum to discuss how sports and Taekwondo in particular can contribute to gender equity and women leadership in society. It is my pleasure to invite you to join us and be part of this very special event.
